

**B. AMENDMENTS TO THE DRAWINGS**

Please amend the drawings by replacing Figure 1 currently of record with the enclosed corrected Figure 1 (marked "Replacement Sheet").

**C. REMARKS**

**1. Amendments to the Drawings**

The Notice of Allowability (mailed with the Notice of Allowance dated February 27, 2006) indicated that a new corrected drawing was required in accordance with 37 CFR § 1.121(d). It is submitted that the enclosed corrected drawing (Fig. 1) satisfies this requirement.

**2. No New Matter**

The enclosed corrected Fig. 1 is substantively identical to Fig. 1 as originally filed. Accordingly, it is submitted that the present amendments introduce no new matter into the application. All subject matter contained in the application, as amended hereby, was expressly described in or is reasonably inferable from the originally-filed specification, claims, abstract, and drawings.

**D. CONCLUDING REMARKS**

Applicant respectfully submits that the application will be in condition for allowance upon entry of the current amendments, and requests timely issuance of a Notice of Allowance.

Respectfully submitted on behalf of the Applicant,  
**Ron CRAIK**, by his agent:
